May 2024

National Skilled Nursing Care Week 2024

The 2024 theme "Radiant Memories - A Tribute to the Golden Age of Radio" embraces a time when the airwaves resonated with captivating stories and melodies. More than nostalgia, "Radiant Memories" is a call to honor the enduring legacy of skilled nursing care centers.

In these centers, residents and staff contribute to the creation of radiant memories, akin to the cherished moments shared through music and stories over the radio waves. Radio broadcasts have played a pivotal role in American life, from presidential fireside chats and war updates to old-time radio dramas and American Top 40 hits. Families and friends gathered around the radio to hear the latest music and tune into their favorite shows

Established by AHCA in 1967, NSNCW starts each year on Mother's Day and encourages skilled nursing care centers around the country to host a variety of events that shine a light on the individuals who reside, work, and volunteer in nursing centers while adhering to infection control requirements.

Be sure to join us May 12-18th at Dogwood Village of Orange County Health & Rehab as we celebrate this special week!
