National Skilled Nursing Care Week 2019

LIVE SOULFULLY
May 12-18, 2019

National Skilled Nursing Care Week is formerly known as National Nursing Home Week. This week provides an opportunity to recognize the role of skilled nursing care centers in caring for America's seniors and individuals with disabilities. It was established by the American Health Care Association (AHCA) in 1967 and begins on Mother's Day and continues through the following Saturday.

The 2019 theme is "Live Soulfully". Living soulfully is about living a full balanced life, working with a purpose, having joy in our hearts and loving with passion. What are you doing for yourself and others every day? What makes you happy? How are you contributing to your own happiness and the happiness of others?

Every day, skilled nursing facilities assist our seniors and people with disabilities in living their happiest and best lives. Whether it is planting, cooking, reading or listening to music, skilled nursing facilities pay it forward by helping individuals find their own happiness to improve quality of life.

This year our National Skilled Nursing Care Week (NSNCW) will focus on living soulfully. The activities department has planned a week full of special events; we hope you plan on joining us as we focus on achieving happy minds and healthy souls.

Resident Spotlight

Ms. Jean Dempsey was born and raised in Orange County Virginia and attended Orange County Public Schools. She has two sons and one daughter, four grandchildren and five (soon to be seven) great-great grandchildren. After raising her children Ms. Dempsey went to work for the Orange Review Newspaper. She enjoyed working at the newspaper very much. During her leisure time she likes to spend time with family and friends, socializing with other residents and workers, working on her puzzle books and working with flowers every chance she can. She is pictured here with Ms. Charlene Schweikert and Ms. Agnes Sullivan. (left to right; Ms. Schweikert, Ms. Dempsey and Ms. Sullivan)

May 6-12, 2019

Join us in celebrating National Nurses Week and celebrate nurses who lead the charge for health and wellness. The theme for 2019 is

“Nursing: The Balance of Mind, Body and Spirit”.

On National Nurses Day, celebrations and receptions are held across the United States to honor nurses. May 12, the final day of National Nurses Week, is the birthday of Florence Nightingale (1820-1910). The English nurse became known as the founder of professional nursing, especially due to her pioneering work during the Crimean War (1853-1856). Due to her habit of making rounds at night, Nightingale became known as "The Lady with the Lamp".
