

WELCOME

Charlotte Patton is from Huntington, West Virginia. She has a family who lives nearby in Louisa VA. She is a Registered Nurse who retired from the American Red Cross. She graduated from ST. Mary's School of Nursing. She is proud to be a member of Spring Valley Presbyterian Church. She has many fond memories of growing up in that church that her father helped build. She loves to watch the Steelers play football. Stop by and give her a warm country welcome.

Gary Keller moved here from Pittsburgh PA to be closer to his daughter. He and wife have been married for 58 years. He shared that he met her as a college student hitch hiker. He retired from his job as a personnel manager. He graduated from Muskingum College in Ohio. He has served in the US army. He is proud of his two children for their life success. He loves football and is an avid Steelers fan.

Rockin' Through the Years

Rock and roll, a genre that revolutionized music, began in the early 1950s, blending elements of rhythm and blues, jazz, gospel, and country. Its roots can be traced back to African American musical traditions, which profoundly influenced its development.

It was Elvis Presley, the "King of Rock and Roll," who brought rock and roll into the mainstream. His 1956 hit "Heartbreak Hotel" topped charts and made him a household name. Other pioneers included Chuck Berry, whose guitar riffs and showmanship set the standard for future rock musicians, and Little Richard, whose wild performances captivated audiences.

The late 1950s and early '60s saw rock and roll evolve into various subgenres. The British Invasion, led by the Beatles and the Rolling Stones, brought a new wave of rock music to the United States, blending rock and roll with British pop influences. This era also saw the rise of surf rock, with bands like the Beach Boys capturing the spirit of the California lifestyle.

By the late 1960s, rock music had become more experimental. Psychedelic rock, exemplified by bands like the Jimi Hendrix Experience and the Doors, pushed the boundaries of sound and performance. The Woodstock Festival in 1969 symbolized the peak of the counterculture movement and the unifying power of rock.

On November 9, 1967, *Rolling Stone* published its first issue, marking a significant moment in rock history. John Lennon graced the cover, and it cost only a quarter to purchase. The magazine became a leading voice in music journalism, covering the latest trends, iconic artists, and cultural shifts within the rock-and-roll world.

Rock and roll's journey from its early days to the early 1970s laid the groundwork for countless genres and artists, forever transforming the cultural landscape.

WELCOME

James Harris was born in Washington DC. He has lived the last 10 years in Louisa County Virginia. He has three daughters and one son who live locally. He owned his own heating and plumbing business before his retirement. He spends his free time cheering on the Dodgers baseball team and Kansas City Chiefs football team. He expresses his greatest highlight in life was having a happy marriage of 52 years and being healthy. Stop by and welcome him to Dogwood.

Breast Cancer Awareness

The residents and staff supported all pink in support of a wonderful cause.
