

# COVID-19 (Week 10) NEWSLETTER

*We continue to be COVID-19 free!*

#Break the Chain

This week's updates are noted below:

- Pruitt Pharmacy provided us with 60 desserts, again, to share with our team.
- McDonald's is offering a free meal per day to first responders and healthcare workers.
- As we all know, we continue to have new cases pop-up all-over Virginia. We are now at 27 cases in Orange with 3 hospitalized. It will be quite a while before we are back to business as usual. We need to keep our guard up for a long time to win this war against COVID-19. We CAN break this chain.
- We receive continuous updates and information from the Virginia Department of Health that offers new and current information in real time. We want to ensure that everything we are doing and hearing is accurate.
- Remember to, please take a picture making your best Rosie the Riveter pose and we will post it for your loved one to see. This Friday is our Rosie the Riveter day. We will have on our Rosie t-shirts (provided by our Board—THANK YOU) and bandanas. Join us by sending in your pictures. #Break the Chain movement!!
- Even though some states are opening various businesses, we are following only the Governor's guidelines. We do not foresee any changes at this time or in the near future.
- Nursing facilities will be opening up in the LAST phase to ensure the safety of our residents.
- We continue to be able to access PPE on a consistent basis. We are using some daily, but only as required. We are not at the point of having to reuse PPE, yet.
- Donations of non-perishable food items for our team members are still being accepted.

- As we receive cards for our residents from all over the nation, we would like to ask you to send our team members a card of thanks. They are truly HEROES and working very hard to keep your loved ones safe.

Thank you all for your continued support and understanding. We appreciate your understanding for the necessary restrictions. Each day is a new day and we are working toward continued safety for our residents.

All updates are on [Facebook](#) and our [website](#).

Yours to count on—

Pamela E. Doshier, NHA, MBA, CDP
