

COVID-19 (Week 8) NEWSLETTER

We continue to be COVID-19 free!

#Break the
Chain

This week's updates are noted below:

- We continue to receive numerous donations and masks that have been made for which we wish to express our many thanks. THANKS to everyone for your support!!
- Legacy Hospice provided Subway platters for our team members
- We are monitoring the number of cases in Orange and Virginia, daily, maintaining our awareness of the spread of this virus.
- Restricted visitation continues, except for end-of-life residents, and then, only 2 may visit at a time. End-of-life means that they are imminent in their transition, not just on Hospice.
- REMEMBER, the Governor's order of "stay home". We know it is hard not to be able to see your loved one, but it is imperative that we all do what is asked of us in order to conquer this virus. We appreciate your support and understanding.
- Several families have Facetimed or Skyped with their loved one. The residents love it!
- We are providing various creative activities to keep the residents engaged, i.e., doorway Bingo, snack cart, one-one visits, airplane making/flying contest...all while maintaining social distancing. Thanks to our Activity Team for their creativity.
- Residents coming out of their rooms are masking. We are asking that they stay in their rooms as much as possible for additional protection. However, we realize that some residents prefer moving around; thus, the masking requirement.
- All team members are masking at this time. Direct Care team members are wearing surgical masks, not cloth. We truly appreciate all of the cloth masks that have been donated for others to wear. Please know that we are being frugal with our PPE supplies to ensure we have an adequate supply for use with you/your loved one(s).

- We continue to collect non-perishable food items for our team members that might be struggling with the additional costs related to meals.
- A special THANKS to all of our team members who are working diligently to protect our residents and ensure their care needs are met.

Thank you all for your continued support and understanding. We appreciate your understanding for the necessary restrictions. Each day is a new day and we are working toward continued safety for our residents.

All future updates will be on Facebook and our website.

Yours to count on—
