

Introducing....

#BreakTheChain

A Movement to join forces of
staff/residents/families in breaking the chain
of infection in the fight against COVID-19.

Dogwood Village Health & Rehabilitation is committed to keeping our residents and staff healthy and COVID free! To fight COVID - We are challenging our staff and residents to increase handwashing.

Over the next couple of weeks we will be posing in our **best** “Rosie” pose and taking pictures of washing our hands.

These pictures will be posted on Facebook and our front wall for residents to see.

What you can do to join: Take a picture of your best “Rosie” pose or a picture of you increasing your handwashing skills. We will print your picture and hang them on the front wall– so our residents can see.

Photos can be emailed to ptalley@dogwoodvillageocva.org
