

COVID-19 (Week 23) NEWSLETTER

We continue to be COVID-19 free!

#Break the Chain

We know we sent one of these last week and we have only been sending them every other week, but due to our good news we wanted to share.

This week's updates are noted below:

- Donations have been received:
 - We received 3 gallons of hand-sanitizer from Sandie and Jackie Powell.
 - We continue to receive several donations of cloth masks. Thanks to everyone as these are much needed items.
- Our testing occurred again on July 23rd. We received our results and we are **100% negative**, staff and residents. Thanks to our team for their continued hard work in maintaining our negative COVID status. And, thanks to all of our families for your continued support and understanding of the necessary precautions that we are taking to ensure the safety of your loved ones.
- We continue to be cautious as the virus is still very active in our community. Orange currently has 202 cases with 3 deaths. As some of the surrounding nursing facilities continue to have outbreaks, we believe that what we are doing is working. Thus, it is imperative that we continue with these same precautions. We do understand the angst of some family members, but need to ensure the safety of all of our residents and team members. Thank you for your understanding and gracious acceptance of these necessary precautions.
- PPE, at this time, is still in good supply and we continue to receive our orders on a regular basis.
- Our residents are starting to get used to having to wear their masks. They are being more responsive and wearing them properly. We thank you for your support in this area as this will help us to maintain our COVID negative status.

- REMEMBER—Schedule Face Timing/Window Visits with your loved one. The window visits are in two designated areas, same as it has been since we started. This has not changed, again, due to the need to continue our precautions. We continue to have many residents participating in the window visits. It is a nice time for them to reconnect with family.
- Remember, to send our team members a card of thanks. They are truly HEROES and working very hard to keep your loved ones safe.

Thank you all for your continued support and understanding. We appreciate your cooperation with the necessary restrictions. Each day is a new day and we are working toward continued safety for our residents.

All updates are on Facebook and our website.

Future updates will be every other week unless we have pertinent information.

Yours to count on—
